ege supplies 22,500 m² for Sheraton hotel in Milan

Choosing the proper solution is an essential part of any interior design. At the Sheraton Milan Malpensa Airport Hotel & Conference Centre, custom-made carpets from ege play an important role in the interior.

The Sheraton brand

In 1938, the Sheraton brand welcomed its first travellers into its hotels and since then the hotel brand has continued to develop its selection of hotels, bringing people together around the world. Today, Sheraton Hotels & Resorts is the heart of Starwood Hotels & Resorts representing 44 % of Starwood hotels with more than 400 hotels in over 70 countries; a position that makes the Sheraton brand a global icon.

Sheraton Hotels & Resorts has opened a new hotel in Milan, which further expands the brand's international portfolio: The Sheraton Milan Malpensa Airport Hotel & Conference Centre. The interior design of the hotel is designed by King Roselli Architetti and Saporiti Hotel Design. Taking inspiration from the design capital of Italy, they have designed a stunning, chic and contemporary hotel that offers all the comforts that modern travellers demand.

Expanding the brand portfolio

The opening of the hotel in Milan is part of Sheraton's strategy to expand its portfolio. The brand expects to add a total of 50 new hotels and 20,000 rooms to its portfolio over the next three years.

Custom designed carpets with atmosphere

The interior design of the hotel was designed by Saporiti Hotel Design and King Roselli Architetti, which both operate within the hospitality sector.

"For the Sheraton Malpensa project, the client demanded custom designed carpets to compliment the overall interior design scheme of the hotel. ege's ability to offer total freedom of the design, was one of the primary reasons for us being chosen as a carpet supplier for the prestigious project", Lorenzo Comoletti explains, who is ege's local partner on the Italian market.

Carpets from ege have been chosen for corridors and guest bedrooms. "The custom designed carpets perfectly stand out and contribute to adding an exclusive, comforting and relaxing atmosphere to the hotel", Lorenzo Comoletti continues.

Unique design for any project

When working with ege, every option is open when you wish to create unique spaces for a project. Thanks to advanced production technology, you can create unique design to fit any project – both in terms of designs on design and quality.

"We are able to offer one of the shortest delivery times in the industry. Less than three 3 weeks from receipt of order the carpet is ready for dispatch. This was also one of the key factors in ege being chosen as supplier of carpets", Lorenzo Comoletti says.
